** ARGENTINA. 28465 USB, Jan 16 at 2302, LR1WWA calling QRZ, CQ in English. QRZ.com: ``LR1WWA Argentina flag Argentina, This is a World Wide Award Station, Natalia Edith Peregrin, 9 DE JULIO, BA 6500, Argentina`` (Glenn Hauser, OK, WOR)

** ARGENTINA. 28520 USB, Jan 16 at 2303, LU/CO2KR calling CQDX, 100 watts with 6-element monoband yagi. QRZ.com: ``LU/CO2KR Argentina flag Argentina, Christian "Chris" Valle, Rio Cuarto, Cordoba, Argentina, CP 5800, Argentina, QSL: More information at https/www.qrz.com/db/CO2KR -- since April 2025, I have been living in Rio Cuarto, Córdoba, Argentina. I remain active as LU/CO2KR from the grid locator FF76tv`` (Glenn Hauser, OK, WOR)

** ARGENTINA [non]. 9455, Fri Jan 16 at 2316 tune-in, S9+30 RAE Portuguese via WRMI just as `Atualidade DX` is finishing with Arnaldo Slaen credit. I thought it was only on Tuesdays. Wonder if not only 3-years-outdated, but repeated day after day? And how about DX programs in other RAElangs, such as English, Spanish via WRMI? Skedgrid claims: Spanish 01-02 exc Sun on 7570; English M-F 14-1430 on 7730 and 2230-23 on 5850 (Glenn Hauser, OK, WOR)

** ARGENTINA [non]. 9455, Tue Jan 20 at 2300, this WRMI the only one not on the air as I am about to check whether RAE Portuguese relay would yet again repeat the 3-year-old `Atualidade DX` program. Jeff White tells me WRMI takes feeds direct from Bs. As.; so if outdated material airs, ask RAE about it. I already emailed Arnaldo Slaen but no reply (Glenn Hauser, OK, WOR) See also USA: WRMI

** BRAZIL. 6180, Fri Jan 16 at 0754, token Spanish from RNA, just missed token English, about samba schools; this time announcer has no Brazilian accent, AI? S9+40/45, and // 11780 S9+10/25 (Glenn Hauser, OK, WOR)

** CANADA. 1290, Jan 18 before and after 0800 UT, South Asian songs, no ID heard. NRC AM Log does not show any US or Canadian station with such a format on 1290. However, CFRW Winnipeg has just changed hands into such a format! See Jon Pearkins` Canadian Radio News, via NRC DX News Dec 30:

``1290 CFRW MB Winnipeg – First reported back on the air, somewhat intermittently, with a testing audio loop on December 15 with 1 kW, going off the air at 1739. Back on the air by the next day with 10 kW, presumably using their licensed day and night patterns, as Akash, the new owners, purchased the transmitter site from Bell. And began being heard in Europe by several DXers. Akash staff is saying that the station will officially launch in February. Already using the same ‘Connect’ branding/slogan as co-owned CKER-FM Edmonton, AB: “Connect AM 1290.” Another slogan being heard is “Asli Radio,” which means “Real Radio” in Punjabi.

On October 16, the CRTC approved the sale of CFRW by Bell to Akash and granted a license that expires August 31 2031. This contradicts the October 10 CRTC decision that states “New licences issued after the publication of this regulatory policy will also receive indefinite licences.“ With its standard Commercial Radio License, CFRW can broadcast no more than 19 hours per Broadcast Week of ethnic programming, defined as not in English, French or Indigenous languages. There is no restriction on the overnight period, Midnight to 6:00 AM, as it is not considered part of the Broadcast Week.

CFRW began as CJQM-1470 on November 1, 1963, as a clone of CHQM-1320 in Vancouver BC. But never saw the ratings or advertising success of CHQM. CJQM had lost one million dollars and, in November 1969, became

“the only radio station in North America ever to go bankrupt” (The Globe and Mail, Toronto Ontario, February 12, 1970)``

10 kW day and night patterns supposedly restrict signal to the south, per:
https://radio-locator.com/cgi-bin/pat?call=CFRW&service=AM&s=F&h=N
(Glenn Hauser, OK, WOR)

** CHINA. 9900, Jan 21 at 2320, ``Chung-kuo`` this & that with echo, so short + long path from Dongfang, Hainan CNR1 jammer site per Aoki during 22-24 blockage of RTI; no second audio to be heard (Glenn Hauser, OK, WOR)

** CHINA. 11600, Jan 16 at 2314, severe Doppler flutter on JBA signal; slightly less severe on 11715: both are CNR1 jammer vs Sound of Hope channels (Glenn Hauser, OK, WOR)

** COLOMBIA. 1100.29, Jan 17 at 0444, JBA carrier hetting 1100.00 signals, presumably still HJAT Barranquilla (Glenn Hauser, OK, WOR)

** COLOMBIA. From Arctic Radio Club mv-eko Jan 19, logs corresponding to my off-frequency carrier DX:

``1100 2.1 0300 HJAT Caracol R, Barranquilla har ”spårat ur”. Kändes igen på Caracols juljingel
(1100,284) JE = Jan Edh, Hudiksvall – lyssnar-QTH i Fredriksfors. NetSDR. Just nu är det 285 som används i
stort sett hela tiden. 285-gradaren är åtgärdad men flera andra antenner är skadade och ligger
delvis på marken.

1100 13.1 0500 HJAT Caracol Radio, Barranquilla med fint id på timmen. Låg riktigt snett på
(1100,290) så lätt att separera från resten. RÅ = Lisette Åkesson, Bjärred – Kiwi på Hallandsåsen.``
(Glenn Hauser, OK, WOR)

** CUBA [and non]. 670, Jan 20 at 0736 UT, Cuban music capturing from WSCR; Rebelde, of course, as // 5025 which happens to be not only on the air now but modulating. WRTH 2026 has a dozen Rebeldes on 670, two of them 50 kW. Under non-auroral condx, WSCR owns 670 (Glenn Hauser, OK, WOR)

** CUBA. 1141 kHz, Jan 19 at 0548 UT, JBA carrier hetting 1140, presumed Cuban, not heard lately until now, and soon inaudible again. Not a TA frequency (Glenn Hauser, OK, WOR)

** CUBA [and non]. 15140, Jan 16 at 2310, RHC windhowl only, S9/+10, the OSOB except for 15770 WRMI. 11760, Jan 16 at 2314, deadair nohowl S9+10/20. SAWA (Glenn Hauser, OK, WOR)

** CUBA. 11760, Jan 18 at 0134, RHC windhowl only and 11880 S7 of dead air. Somethings always wrong at RHC (Glenn Hauser, OK, WOR)

** CUBA. 9710, Jan 19 at 0543, S9+10/20 of deadair from RHC, the SSOB. Also 11760, Jan 19 at 0544, S9+10 of deadair, SSOB. SAWA (Glenn Hauser, OK, WOR)

** CUBA. 11880, Jan 19 at 2003, RHC S9/+10 of dead air in English; also 15140 S9/+5 dead air except for windhowl. Something`s always wrong at RHC (Glenn Hauser, OK, WOR)

** CUBA. 11760, Jan 21 at 2316, RHC S9+20 of windhowl only; while 11880 is S9/S6 of nice clean dead air. Somethings always wrong at RHC (Glenn Hauser, OK, WOR)

** CUBA [non]. 9410, Jan 15 at 1449, R. Martí about fútbol, // 13570 11930 7435; not on 9820; while 11860 is OC warmup. By 1514 recheck. 9410 off, while 11860, 11930, 13570, 13820 are on. 9410 new to me but already in EiBi at 11-15 (Glenn Hauser, OK, WOR)

** IRAN [non]. CORREXION: not 13784.986 but should be 13754.986 - misread my own original scribble: 13754.986, Jan 13 at 1624, talk presumed Persian and music bits, S8/S9 with fading into UTwente, no jamming audible, 1630 R. Farda ID in passing. Almost faded out by 1640. Contradictory schedules have emerged since my last report, but here it is now, presumably via offfrequency UAE site. Own website claims 13765, not 13755:
https://www.radiofarda.com/a/28949345.html
(Glenn Hauser, OK, WOR)

** IRAN [non]. 9680.000, Jan 15 at 1831, Persian talk S9/+10 and no jamming into UTwente, from new target broadcast, all talk until 1859*, did not get ID but Mauno Ritola says:

``Hi Glenn, today I heard "Radio Zaman-e Bidari" ID now at 1830 on 9680 kHz and 9705 kHz has another Farsi programme going on. Looks like wires are crossed. 73, Mauno``

``Just listened on a KSA SDR from Er-Riyadh on 9680. Fairly good reception about S9+20, but became much weaker towards the end of transmission. 18:30-19:00 UTC (Arthur Pozner)``

The other one is Shabname = Voice of Freedom: https://shabname.org/en
(Glenn Hauser, OK, WORLD OF RADIO 2330)

** MADAGASCAR. 11610, Jan 16 at 2313, S9+10/20 dead air. Surely MWV not turned off after 21-22 Mandarin to Europe, 22-23 Arabic to N Africa. Both 100 kW and 325 degrees also thisaway, when modulated one of best signals on band even here. Something`s messedup at Mahajanga
(Glenn Hauser, OK, WOR)

** MEXICO. 1050 kHz, Jan 18 at 0808, ``La Ranchera de Monterrey, mil cincuenta AM``, i.e. XEG. Remember when it aired US gospel huxters with an address of simply, ``Fort Worth eleven, Texas``? (Glenn Hauser, OK, WOR)

** MEXICO. 1060 kHz, Jan 19 at 0505 UT, Spanish dominates, ad for Barracuda, prices in pesos, or an infomercial? Keeps on going about that. Can`t be R. Educación which is non-commercial, but to be sure, not // 6185. Loops NNW/SSE. Fades after 0510, music by 0517. 0601 choral Mex NA, again not on 6185. The only other 1060 Mex is: XERDO Matamoros, Tams., 7/2.5 kW (Glenn Hauser, OK, WOR)

** MEXICO. 28340 USB, Jan 20 at 2314, XE3JAW in Mérida working a KP4, Francisco in Spanish. QRZ.com: ``XE3JAW Mexico flag Mexico, José Antonio Fragoso Wade, calle 23B No. 243 Col. Vergel 2, Merida 97173, Mexico`` (Glenn Hauser, OK, WOR)

** NORTH AMERICA. 6932 USB, Jan 18 at 0049, pirate rap S8/S9. It`s Mix Radio International per
https://www.hfunderground.com/board/index.php/topic,157267.0.html
which had been jumping around among 6 different frequencies since 2042 including this one, but not everyone specified which one at which time
(Glenn Hauser, OK, WOR)

** NORTH AMERICA. 6960 AM, Jan 21 at 2302, piratemusic S9/+10, also at 2321 retune just before it chops off, then another/same? station found on 6950 AM. Such behavior typical of Mix Radio International, and that`s what it is per:

https://www.hfunderground.com/board/index.php/topic,157416.0.html
First reported at 1828 on 6950, later 6960. Obviously unconcerned about giving the feds plenty of time to track them down (Glenn Hauser, OK, WOR)

** NORTH AMERICA. 7475, Jan 17 at 0515, JBA carrier presumed Station YHWH (Glenn Hauser, OK, WOR)

** OKLAHOMA. Local Enid receiver mixing products noted for the record, not expecting anyone to quote, Jan 19 at 0532 UT: 2350 = 960+1390; 3030 = 1640+1390; but nothing on 2600 = 1640 + 960 nor other possible combos (Glenn Hauser, OK, WOR)

** OKLAHOMA [and non]. 5140 USB, Jan 21 at 1500 UT, another Wednesday so time for another Oklahoma Emergency Ops net, but nothing. Oh, starts late at 1501, YL NCS WSHM692 counts 12345, 54321 then roll call, each call twice fonetikaly but poor reception makes many not certain:
WQYW443, where?;
WQZT582, Broken Arrow, answers, no traffic;
WQSY836, EOC, where?;
WNPV700, Durant EOC, Bill ans, no traffic;
KNGR728, Pontotoc county, answers;
WPFY721, Seminole EOC, Ernie answers; was NCS last week, or WPFY731?
WNBM839, Stillwater EOC;
WNBE830, Missouri state EOC, Jefferson City, Mike answers.

Compare to my report Jan 14: some called there are not even called this week. Complete at 1507, asks for late checkins? One, JBA, then terminating net till next week.

At 1508, WPFY721 calls WNBE830, making an early check-in to the Missouri net which starts at 1530; discuss coming winter weather warnings in both states. WNPV700 Durant also heard again until 1511.

Did not check 5140-USB for Missouri net at 1530, but at 1535, NCS WNBE830 securing net, this one on 1st and 3rd Wednesdays (Glenn Hauser, OK, WOR)

** OKLAHOMA. 93.1, the dead air in $tereo low-power carrier in Enid is OFF January 16 circa 2100 UT as it has been a few days. Will not report further unless it return.

95.1, the downtown Enid dead air in $tereo is still on January 16 circa 2100 UT. You never know when it might emit some music, holiday or not.

1680 AM, January 16 circa 2100 UT, Virtual DJ Radio still going from south central Enid, pop music, audible a few miles away if noise level allow (Glenn Hauser, Enid, WOR)

** OKLAHOMA. Enid unlicensed broadcasters chex Jan 21: at 2112 UT downtown, 95.1 still on with dead air in $tereo; and 93.1 is back on with dead air, but now mono. Notably shorter range than 95.1.

Also 1680 AM, Jan 21 at 2121 UT, Virtual DJ Radio ID amid pop music, peaking around junxion of US81 and US412 in S central Enid (Glenn Hauser, OK, WOR)

** PANAMA. 28450 USB, Jan 20 at 2315, HPIELV calling CQDX in English. QRZ.com: ``HP1ELV Panama flag Panama, Edgar Labrador Viane, Don Bosco, Juan Diaz, Via Tocumen, Casa #1104, Calle#3, Ave#2, PANAMA zip 0837 Zip 0837 {sic}, Panama`` - and never mind all those accents, so it is Pah-NAH-mah? (Glenn Hauser, OK, WOR)

** PANAMA. 28282 CW, Jan 20 at 2318, VVV HP1DCP/B. WGB list: ``28282.0 HP1DCP - Panama City PNR FJ09gb - #0 (21 Sep 2025) Note: VVV + ID + grid 5" off`` (Glenn Hauser, OK, WOR)

** PERU. 28455 USB, Jan 20 at 2258, OA4AKC calling CQDX. Matching entry in DXCluster/Heat cleared up uncertainty about final letter; QRZ.com: ``OA4AKC Peru flag Peru, Sebastian "Sebastian" Cisneros, Las Acacias 734 Departamento 202, Miraflores, Lima, li 15074, Peru`` (Glenn Hauser, OK, WOR)

** ROMANIA. 6145, Jan 17 at 0512, Romanian music and talk: RRI Galbeni at 0500-0600 for S Europe (Glenn Hauser, OK, WOR)

** SPAIN. 12030, Wed Jan 21 at 2313, REE deadair in English toward ME, S5/S8 direct --- something`s notright at Noblejas; while 9690 has been in tokEnglish since 2300, but only S9+10/20 direct and noisy, not really easily listenable this deep into N America. At 2314, 17715 for SAm is JBA, and 17755 for Africa JBA carrier (Glenn Hauser, OK, WOR)

** TURKEY. 9660.008, Sun Jan 18 at 1728, VOT English S9/+20 into UTwente, news read by Efsun, hard to understand despite her slow pace. 1744 ``always-by-your-side`` promo. 1745 `Letterbox` with Cemre. It`s winter in Ankara, buried in snow but schools are still in session, snowplows at work. How is winter where you are?  1) Jayanta Chakraborty, India, enjoyed last week`s show on 6125, outrageous axions by US. 2) Siddartha Papajarjee, India, 9660. How many foreign tourists? 52.1 million [!] last year. Best places to visit? Archaeological sites. Cemre plans to visit more of them herself this year. 3) -- Escobar, Pécs, Hungary. 4) Alan Roe, UK: about T`s UNESCO world heritage sites: he has visited 10, plans more. Now it`s 1800: 5) Mr -- Malbock?, Port Alberni, Vancouver Island, BC. 6) and 7) misdirected letters from USA and Ireland to archbishop/apostolic nunzio, yet she reads from them! 8) Peter Ng, Malaysia, for Malay at 05 on 17530, exquisite stamps on envelope. Cemre is ``amateur stamp collector``. 9) Mr Dave ---, Canada. 10) finally, Mr. --- --- Fernández, Costa Rica. 1808 closing, 1809 theme, then `Geo-Economix Diary` as of Jan 8, 2026, how foundations have been shaken by US attack on Venezuela, etc. 1819, multi-lingual ID filler reel (Glenn Hauser, OK, WOR)

** TURKEY [non]. 5959.998, Jan 20 at 2256, no signal direct from VOT, nor at 2309; but at 2322 JBA carrier, Chinese? At 2340 into UTwente when measured, JBA not VOT, too close to accurate frequency, no doubt its competitor PBS Xinjiang, Urumqi in Chinese nominally from 2310 per Aoki, i.e. East Turkistan, land of imperialist ChiCom cultural genocide against Uighurs and other Moslems. Something`s always erroneous at Emirler (Glenn Hauser, OK, WOR)

** TURKEY [non non]. 5960.002, Jan 21 at 2301, VOT not off the air, S9+10/20 direct opening English, but insufficient. At 2350 into UTwente when measured, S9+10/25 sufficient, song, 2353 s/off as if 1330 on 13635, something`s always awry at Ankara. 2354 IS & ID, 2356 restart IS with German IDs. Something`s always erroneous at Emirler. Off by 2357* (Glenn Hauser, OK, WOR)

** U S A. 293 MCW kHz, Jan 15 at 0725 UT, UI, NDB at qUIncy IL, instead of FBY FairBurY NE, which is normally alone and dominant.

** U S A. 293 MCW kHz, Jan 19 at 0721, FBY, ND beacon at FairBurY NE, mixing with much weaker TOR, TORrington WY (Glenn Hauser, OK, WOR)

** U S A. 385 MCW kHz, Jan 18 at 0736 UT, HO, 50-watt NDB at ``Hossy`` HOt Springs AR, really in Hempwallace per RNA list. I was tuned to 383 USB, as some beacons are more readable when offtuned; trace of another, probably CNP Chappell NE, really on 383 (Glenn Hauser, OK,

WOR)

** U S A. 8992 USB, Jan 15 at 1448, USAF crypto exercise in progress, header ID 7LSQID, and tactical ID South Pole -- or Soft Coal?? (Glenn Hauser, OK, WOR)

** U S A. 28300 CW, Jan 16 at 1554, EEEEEEEEEE DE WD4NKA/B. WGB list: ``28299.5 WD4NKA/B - Deltona FL USA EL98iv - #0/1/2 (09 Jan 2026) Note: ID + grid + 5" carrier + eee - Ant Cushcraft AR-10 "Ringo" 1/2 wave vert 20 feet agl 3w``. No other 10m beacons heard and only one phone higher up (Glenn Hauser, OK, WOR)

** U S A. 28218 CW, Jan 21 at 2303, EEEEE DE WA1LAD/B, long pause. Axually copied as VA1LAD/B but per WGB list must have been this: ``28217.5 WA1LAD/B - West Warwick RI USA FN41fq - #0 (29 Nov 2025) Note: de ID only + eee + K`` - QRZ.com: ``WA1LAD USA flag USA, GILBERT D "Gil" WOODSIDE, III, 285 3rd Ave, Warwick, RI 02888, USA`` (Glenn Hauser, OK, WOR)

** U S A. 28263 CW, Jan 21 at 2304, E10 DE WB2VVV/B. Axually copied as WD2--- but in WGB list: ``28263.5 WB2VVV/B - Foster RI USA FN41cr - #0 (26 Nov 2025) Note: ID + grid + EEE - Pwr 1 Watt to a Horizontal Polarization Omni Ant.`` - QRZ.com: ``WB2VVV USA flag USA, JOHN C "Chris" FAGAS, 57 KENNEDY ROAD, FOSTER, RI 02825 USA -- a 28.2635 MHz Beacon operating from FN41cr with 1 Watt to a Horizontal Polarization Omni Antenna. Beacon reports are both welcomed and encouraged!`` (Glenn Hauser, OK, WOR)

** U S A. 28269 CW, Jan 21 at 2305, AA1TT/B. WGB list: ``28269.0 AA1TT/B Claremont NH USA FN33ur - #0 (10 Nov 2025) Note: De + ID + grid + EEE - Pwr 5w`` - QRZ.com: ``AA1TT USA flag USA, BILLY R MICHAUD, 153A CAT HOLE ROAD, CLAREMONT, NH 03743-4321, USA`` - QRZ.com: ``If you would like beacon information (28.269) or would like to give a reception report, (Reports are greatly appreciated, both sky wave & ground wave) Please check: http://www.wx1nh.us (Links on the left)`` (Glenn Hauser, OK, WOR)

** U S A. 28282+. Jan 21 at 2306, VVV DE KW1RF/B. WGB list: ``28282.3 KW1RF/B - Preston CT USA FN41an - #0/1 (24 Dec 2025) Note: VVV de ID + grid - 1/4 wave vertical 5w`` - QRZ.com: ``KW1RF USA flag USA, NATHANIEL A LEE, Preston Contest And DX Society, 136 Parks Rd, Preston, CT 06365, USA -- Jan 1, 2024, on the air with a 10m CW beacon on 28.282.3 MHz, 3W to a quarter-wave ground mounted vertical`` (Glenn Hauser, OK, WOR)

** U S A [non]. 6170, Jan 17 at 0510, ``Salaam Aleikum`` so is it Arabic? No, African language S9+10/20. EiBi shows it`s Global Talk America - the successor to VOA, in Hausa at 0500-0530 via ASCENSION (Glenn Hauser, OK, WOR)

** U S A. The first WORLD OF RADIO website was on Angelfire, but it disappeared without notice almost a week ago.
https://www.angelfire.com/ok/worldofradio
Discussion of this situation:
https://www.reddit.com/r/DataHoarder/comments/1q9707b/angelfire_has_been_down_since_17_is_it_gone_for/

A lot of our earliest DXLD and WOR output was stored there, and fortunately much still exists as last scanned Sept. 21, 2025, via:
https://web.archive.org/web/20250921132355/https://www.angelfire.com/ok/worldofradio/

Not all the linx lead to anything, but e.g. here`s a detailed 1999 interview with me by Sheldon Harvey:
https://web.archive.org/web/20240111223815/https://www.cidx.ca/sf/SF5Hauser.php
(Glenn Hauser, OK, Jan 16, WOR)

** U S A [and non]. WORLD OF RADIO 2329 monitoring: confirmed UT Thursday January 15 at 0030 on WRMI 9395, S9+20/25 into N9AZZ IL remote.

Also confirmed UT Thursday January 15 at 0130 on WRMI 5010, S9+25 off the back into Georgia remote.

Also confirmed Thursday January 15 at 1745 the 1730 on SW Radio Gold, Germany, 3975.001, S7/S8 into UTwente, but not on 6160.

Confirmed Thursday January 15 at 1745 the 1730 on SW Radio Gold, Germany, 6160.001, S3/S4 into Carlow, Ireland SDR, quite sufficient.

WORLD OF RADIO 2330 contents: Antigua, Argentina non, Cuba, Europe, Finland, Germany, International Vacuum non, Iran and non, (Kuwait), Netherlands and non, Nigeria, (Oman), Poland non, Solomon Islands, Spain, Turkey, (UAE), (UK), USA and non, Venezuela; propagation outlook - (countries mentioned along with others not in order)

WOR 2330 available from 0220 UT Friday January 16:
(mp3 stream) https://www.w4uvh.net/wor2330.m3u
(mp3 download) https://www.w4uvh.net/wor2330.mp3
Or via http://www.worldofradio.com/audiomid.html
Also linx to podcast services.

** U S A. WORLD OF RADIO 2330 monitoring: indeed not confirmed UT Saturday January 17 at 0400 as WTWW 5085 remains off the air. George McClintock explains: ``Appears to be the solid state driver is not working. Also the heat exchanger is not cooling the transmitter down sufficiently. George McClintock 1-16-2026`` - *maybe* if restored, WOR can be played at 0400 UT Sunday or Monday.

Confirmed Saturday January 17 at 1543 the 1530 on SW Radio Gold, Germany, 6160.001+, s9+10/20 into UTwente with lite ACI; clear on 3975.001 S6/S8.

Missed checking Sat Jan 17 at 1630 on WRMI 9955; anyone?

Confirmed Saturday January 17 at 1700 on WRN via WRMIs: 9395 S3/S5 into Maryland SDR, 7730 inaudible. Into Georgia SDR, 9395 S8/9+10 and 7730 JBA S7/S8. Next:

** U S A [and non]. WORLD OF RADIO 2330 monitoring: Confirmed Saturday

January 17 at 2030 on SW Radio Gold, Germany, 3975, JBA into Bedford UK SDR, not UTwente.

Also confirmed Saturday January 17 at 2030 on WRN via WRMI 9395, S7/S9 into N9AZZ IL remote.

After Feature Story News at 2059, chopped for ID, WOR 2330 plays *again* at 2100 on WRMI 9395, presumably not from WRN, altho also on WRN Europe stream at this time.

Not started by 2030 Saturday January 17 on WA0RCR, 1860 AM, MO: very difficult to detect via available SDRs; St Louis one has it best but times out too quickly. JBA at 2121 into KM4RT west TN SDR, so the 2030v may have just started.

Also confirmed Saturday January 17 at 2205 the 2200 on WRMI 9395, S9/+10 into Maryland SDR - the third time in two hours; OK!

Also confirmed Saturday January 17 at 2230 on WRMI 15770, and 17790, both S6/S7 direct.

Also confirmed UT Sunday January 18 at 0030 on IRRS SW/NEXUS/IBA/IPAR webcast.

Also confirmed UT Sunday January 18 the 0415v starting at 0424 on WA0RCR, 1860 AM, MO, S9+10/15 into KM4RT west TN SDR.

Also confirmed Sunday January 18 at 0730 on WRN via WRMIs direct: 5850 S9+30/45, 7570 S9+5, 7780 S8/S9, 7730 JBA carrier.

Happened to awaken at 1050 so checked 9510 direct for the 1030 on IRRS SW: JBA, could be me. But confirmed: ``Here is the following reception report of World of Radio Via IRRS Milan on SW: 9510 18/1 1054 IRRS-Milan, RO-Tiganesti Px WOR 2330. E 55555. I have heard the program of Glenn Hauser WORLD OF RADIO 2330. I have attached an audio clip MP3 of 571 kB. 73 from Tanino Marabello, QTH Treviso, Veneto (IT), RX: SONY ICF-SW7600G, Antenna: 10m longwire, https://acquamarina.blogspot.com `` -- Tnx, Tanino! Hard for me to confirm.

Slept thru the 1130 Sunday on WRN via WRMI 7570, 7780; anyone confirm those? Next:

2000 UT Sunday IRRS SW via AM Italia 1323;
2230 UT Sunday SW Radio, Germany 3975;
2330 UT Sunday WRMI 9455 to NW;
0000 UT Monday WRMI 9395 to NNW;
0030 UT Monday WRMI 7780 to SW;
0930 UT Monday SW Radio, Germany 6160;
2030 UT Monday SW Radio, Germany 3975;
0330 UT Tuesday WRMI 7780 to SW;
1400 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
1500 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
2100 UT Tuesday IRRS SW via AM Italia 1323;
0030 UT Wednesday SW Radio, Germany 3975;
0130 UT Wednesday WRMI 9395 to NNW;
2030 UT Wednesday SW Radio, Germany 3975;
2200 UT Wednesday WBCQ 7490v to WSW;
0030 UT Thursday WRMI 9395 to NNW;
0130 UT Thursday WRMI 5010 to S;
1730 UT Thursday SW Radio, Germany 3975 & 6160.

(Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2330 monitoring: confirmed Sunday
January 18 at 2025 the 2000 on IRRS SW via AM Italia, 1322.998, S6/S8
into UTwente.

Also confirmed Sunday January 18 at 2100 on WRN Europe stream.

Also confirmed Sunday January 18 at 2230 on SW Radio Gold, Germany,
not into UTwente, but S9+10 into recommended Bedford UK SR.

NOT confirmed Sunday January 18 at 2330 on WRMI 9455, because this
frequency and ALL WRMIs are OFF! Due to power failure.

Also off when two more WORs would have aired, UT Monday January 19 at
0000 on 9395, 0030 on 7780. See separate report on WRMI.

Confirmed UT Monday January 19 from 0358 on Area 51 via WBCQ, 5130-,
as JL gotta go as early as 0357. But WBCQ must cut to sign-off at 0400
sharp, while WOR continues on Area 51 webcast only. Next:

2030 UT Monday SW Radio, Germany 3975;
0330 UT Tuesday WRMI 7780 to SW;
1400 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
1500 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
2100 UT Tuesday IRRS SW via AM Italia 1323;
0030 UT Wednesday SW Radio, Germany 3975;
0130 UT Wednesday WRMI 9395 to NNW;
2030 UT Wednesday SW Radio, Germany 3975;
2200 UT Wednesday WBCQ 7490v to WSW;
0030 UT Thursday WRMI 9395 to NNW;
0130 UT Thursday WRMI 5010 to S;
1730 UT Thursday SW Radio, Germany 3975 & 6160.
(Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2330 monitoring: confirmed Monday
January 19 at 2040 the 2030 on SW Radio Gold, Germany, 3974.986, JBA
into UTwente, further offfrequency than usual; also JBA into Bedford
UK SDR; somewhat better into Noale, Italy, SDR, S7/S9 but noisy.

Also confirmed UT Tuesday January 20 at 0330 on WRMI 7780, S9 into S
Texas SDR.

Also confirmed Tuesday January 20 at 1402 the 1400 on WRMI 9955, S9+10
direct.

Also confirmed Tuesday January 20 at 1516 the 1500 on WRMI 9955, S8/S9
direct. Next:

2100 UT Tuesday IRRS SW via AM Italia 1323;
0030 UT Wednesday SW Radio, Germany 3975;
0130 UT Wednesday WRMI 9395 to NNW;
2030 UT Wednesday SW Radio, Germany 3975;
2200 UT Wednesday WBCQ 7490v to WSW;
0030 UT Thursday WRMI 9395 to NNW;
0130 UT Thursday WRMI 5010 to S;
1730 UT Thursday SW Radio, Germany 3975 & 6160.
(Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2330 monitoring: confirmed Tuesday

January 20 at 2100 on IRRS SW via AM Italia, 1323, S9+12 into nearby Noale SDR.

Not confirmed UT Wednesday January 21 at 0030 on SW Radio Gold, Germany, 3975: no signals into UTwente, Bedford, Carlow, or Noale; possibly still on air with horrible propagation.

Confirmed UT Wednesday January 21 at 0130 on WRMI 9395, S9+12 direct.

Also confirmed Wednesday January 21 at 2030 on SW Radio Gold, Germany, 3975, not into UTwente, but longer skip into Bedford UK SDR S9/+10.

Also confirmed Wednesday January 21 at 2100 on WBCQ, 7490 –11 Hz into Maryland remote, immediately following `The Planet` IS & ID as if just signing on instead of preceded by TOMBS. 7490 sked still shows long-gone `Pirate Joe Extravaganzo` during previous hour. Next:

0030 UT Thursday WRMI 9395 to NNW {confirmed};
0130 UT Thursday WRMI 5010 to S {confirmed};
1730 UT Thursday SW Radio, Germany 3975 & 6160.

As a noncommercial public service program, financial support appreciated. Thanks this week to Terry Colgan of Texas Radio SW for a contribution via PayPal to woradio at yahoo.com, and says, ``Thanks for another year of dedication to keeping listeners and DXers up to date on the state of shortwave radio.``

One may also contribute by MO or check on a US bank to
Glenn Hauser, P O Box 1684, Enid OK 73702
(Glenn Hauser, OK, WOR)

** U S A. Pre-`AAAWWW` chex of WBCQs, UT Sat Jan 17 at 0054: no signals on 3265, 5130, 6160, 9330, and only JBA on 7490! *0055, 5130 cuts on as usual with IS & ID loop, so it would be best/only, but I`ve switched to (7490) stream, at first playing at double speed and double pitch. Is that WBCQ fault or my Winamp? Never did that before. Apparently new ep as no rerun disclaimer. First comment over WTO theme: ``OK, OK, let me tell you, folx``, and single word at 0103 during pause in music: ``hope``. I always note those so one can later determine right away if it be a rerun. AW still not fully recovered from flu caught on plane two weeks ago. World needs SW now more than ever. Laments ``Trump derangement syndrome``, accusing his opposition of being the bad moonbats buying into Socialism! The *real* TDS is suffered by those who still think *rump is wonderful. 0118 finally gets around to datestamp as 16th day of January, YOOLF in Heaven, 2026; 45 degrees F in Fla, low was 28 or 25. 0128 trimulcasting on 7490, 6160, 5130.

Some changes: 9330 is off, not a tech problem, but ``hiatus for a while by a contracted client`` = World`s Last Chance, never mentioned by name. This just happened last Sunday. So is available for major new client(s), too expensive to sell time piecemeal. Not only 360 degrees rotatable but beam can be varied from narrow to wide. Must charge much more than the standard $50/hour rate on classic 50 kW transmitters. 0130 imposes ``cone of silence`` for coughing? Maybe Voice of America? He muses. As a private business, WBCQ could operate more efficiently at a lower cost than a government entity.

0134 a tune for Dominic. Now I check the NH SDR where 6160 is JBA S9/S6. Song was Joni Michell, ``Turn Me On`` – as a radio? 0142 another tune, Ringo Starr, ``No-no Song``. 0145 Radio World story about numbers of US radio stations, slight decreases in most categories, except non-commercial educational! He doesn`t realize that the increase is due to gospel-huxters falling into that category, besides genuine public secular radio. 0151 some emails: Jerry in Nyack

with anti-*rump comments, causing Angela to *yell* an expletive at him. 0155 ``Vinyl Records`` song, chopped at 0157, as Allan starts talking off-mike, barely picked up by Angela`s mike. Then turns on and repeats. 0159 concludes that the Super-Stition is ``up for lease, rent, *acquisition*, or whatever``. That last means it`s even *for sale*. Quick prayer and over (Glenn Hauser, OK, WOR)

** U S A. 7490-, UT Sat Jan 17 at 0516, ``so long from Amos `n` Andy``, music, S9+10/20. Is this on the WBCQ program schedule? Of course not! Supposedly off after 0500* (Glenn Hauser, OK, WOR)

** U S A. Re WBCQ 7490: ``Supposedly off after 0500*`` --- I have no basis to assert or even predict that this will happen, but if 9330-related revenue stops coming in, their mostly self-financed-so-far Radio Angela 2.0 on 6160 would be a controllable expense, and moving some of it to 7490 after hours and shutting off 6160 might actually make sense. Did the transmitter go off after 0516 or continue with something else?`` -- Bill Tilford.

I did not monitor further; let`s hear what happen tonight: 0500 UT Sunday Jan 18, 7490 goes from `SW Sat Night`, to `The Devil`s Advocate` instead of turning off as on sked, with T.D.A. shown as 0400 UT Saturdays. Still on at 0526. Not really listening to it; assumed still the show as introduced. Rather poor reception even inaudible unto Maryland SDR, but poor into KM4RT TN. I suspect 7490 be underpowered. Off by next check 0633, probably around 0600.

Bill Tilford: ``So much for Radio Angela 2.0 there. That show makes The Proud Boys look like McGovern Democrats by comparison`` (Glenn Hauser, OK, WOR)

** U S A. 5129.94, Jan 18 at 0056. `Radio TimTron Worldwide` ending, ``stay tuned for `Fred Flintstone` on *7415*``, a long-gone WBCQ frequency so this RTTWW must also be very old (Glenn Hauser, OK, WOR)

** U S A. 5850, UT Sat Jan 17 at 0730, Deutsche Welle on WRN via WRMI // weaker 7780; but at 0754 recheck, classical music, not DW, announcement by Brice about Josquin des Prez, so a fragment of `Encore` is used as filler?! Not scheduled at this hour. That composer not on current playlists. Something`s odd at Okee. 0759 cut to Everglades ID, 0800 gospel huxter (Glenn Hauser, OK, WOR)

** U S A. 9455 and ALL other WRMI frequencies are OFF, January 18 at 2330. On FB at 2330 Jan 18: ``WRMI Radio Miami International 1h · 2200 UTC Sunday January 18: In case you are not able to hear WRMI at the moment, we have a power outage, probably due to the cold weather in our area. Please stand by. We'll be back as soon as electrical power is restored. Our live stream may be back sooner.``

``If you take a look at: https://www.fplmaps.com/
and type in Okeechobee there are 2 outages --- est time back 8 ET or 1045 ET. At 0030 carriers are up but no programming. Tony Pavick``

Most carriers up around 0100 but no modulation: into Georgia SDR at 0057, carrier appears to jump around, 7783, 7778, etc., or is that only the SDR?? At 0101 open carriers only: 5850 S9+45, 5950 S9+25/30, 9395 s9+20/25, 9455 S9+30/35, 9955 S9/+10; no 15770 or 17790. By about 0106, 5850 is off again and presumably the others. All are still off at 0121. By 0200, 5850 is back on; starting at 0218 Japanese song `Sukiyaki` plays, while 9395 has dead air. Don`t know exactly when but later in evening at 0541 seems back to normal on 5850, 7570, 7730, 7780, 9395. It must be quite a chore to restart all those transmitters with scheduled programming in progress (Glenn Hauser, OK, WOR)

** U S A. 9395, Mon Jan 19 at 2220, `On the Media` S9+20/30 via WRMI

with funding credits, break for announcement about experimental SW segment on WRMI, for Season 2 of `Divided Dial` inviting SWLs to send voice messages, and we hear a few, from Todd, someone and Lynn. 2223 back to show about Epstein, DOJ, Dan Bongino, etc. Refers to events on days of week like Wednesday, Thursday as if a new weekly show. Suspect it`s really *still* an old episode, dated March 1, 2025! (Glenn Hauser, OK, WOR)

** U S A. 7730, Jan 20 at 2302, checking all WRMI frequencies for absences, very weak tonal language, else? No, at 2311 it`s SMTV, Supreme Master TV cult, mainly in English but segments in Chinese et al. (Glenn Hauser, OK, WOR)

** U S A. 9455, Jan 21 at 2300, no RAE relay on Wed, rather VORW Radio International, VG signal WRMI thisaway direct. This is another rough start, ``Welcome to Encore ---`` then cut to VORW (Glenn Hauser, OK, WOR) see also ARGENTINA [non]

** U S A. 15770, Jan 21 at 2315, Polish RES via WRMI the Only Signal On Band! as I scan all the way up from 15000 (Glenn Hauser, OK, WOR)

** U S A. 7505, Jan 16 at 0756, WRNO not off the air, YL undermodulated in English, I finally conclude, S9+20/30. Late broadcasts are sporadic. Website is all about donating, no programming info: http://www.wrnoworldwide.com/ Via WOR Hitlist, WRNO also on FB, but nothing newer than April 9, 2020! (Glenn Hauser, OK, WOR)

** U S A. 7505, Jan 19 at 0755, S5/S9 JBM in English, presumed WRNO extended. I thought it was not on a couple hours earlier? (Glenn Hauser, OK, WOR)

** U S A. Major geomag storm affecting propagation: Jan 19 at 2212, 17525 WMLK has heavy Doppler flutter, S9/+10; 17790 & 15770 WRMIs also heavy; 13845 WWCR some Dfl; but 13570 R Marti, and at 2218 11880, S9+20 deadair from RHC without Doppler flutter (Glenn Hauser, OK, WOR)

** U S A. 780, Jan 19 at 0501 UT, WBBM has a strange whine, not a pure tone, on USB only. This is frequently the case late at night. Seems to be self-induced rather than QRM. At 0740, *StarDate* succeeds, but it`s yesterday`s episode already heard on another station. UT Jan 18, WBBM had blown right past 0740 with no StarDate (Glenn Hauser, OK, WOR)

** U S A. 880, Jan 17 at 0448 UT, something in Spanish clashing with KRVN Nebraska in English, sometimes overcoming it. DF on the PL660 as NW/SE, what? Could it be TGJ I used to hear decades ago? 0449 ``¡goooaaaalll!!!``, local? ads, phone 844-464-8796, like a toll-free number in the USA. Talking about football, US involved, ``La radio del Mundial 2026``, ``jugamos junto a ti`` and interview partly in English! fade around 0500 ID time. Makes a SAH of 52/minute with KRVN = slightly less than 1 Hz. 0506 ad in English 1-844-262-4729. Finally realize this must be KJOZ Conroe TX, rimshooter to Houston where it`s addressed, in mwlist is now ``Latino Sports``, so that explains the bilingualism. NRC AM Log had KJOZ as U4 10/1 kW, SS:REL in the Radio Visión Latina group, but not anymore. Radio-locator has yet another identity for KJOZ, ``La Calle 102.5`` = The Street 102.5? What signified that? Site is Conroe, and barely reaches Houston with `local` contour on night pattern with a notch toward WHSQ, not a problem thisaway.
https://radio-locator.com/cgi-bin/pat?call=KJOZ&service=AM&h=N
Day pattern more or less circular but with sea gain to the SE. I still suspect it were on day power. Normally I don`t hear any SS QRM to KRVN, but condx somewhat auroral. Search shows the -8796 number has something to do with Verizon; -4729 unknown (Glenn Hauser, OK, WOR)

** U S A. ``Glenn: – "880 -- this must be KJOZ Conroe TX". Format-of-the-Month club. If I'm recalling this correctly, it seems KJOZ "La Calle" was a moniker for a Latino-Hits type musical slate targeting the young folks – and before that I seem to recall KJOZ being Spanish-Religious. I did hear snippets of what sounded like a SS-Sports presence on 880 a few nights ago, via the Mississippi SDR, and just assumed it was KJOZ (not WIJR, which seems to be pretty much pure Regional Mexican). So, either all that, or my imagination is laboring overtime. 73z de the other G H`` – Greg Hardison (Glenn Hauser, OK, WOR)

** U S A. 880, Jan 19 at 0503 UT, MexMx dominates, thought maybe WIJR Highland IL, 160 watts at night – but still loops on the PL-660 NW/SE, so KJOZ Conroe TX again (Glenn Hauser, OK, WOR)

** U S A. 910 kHz, Jan 20 at 0730 UT, BBC news. Surely WSUI Iowa City, which used to be a WORLD OF RADIO affiliate. The only NPR station on 910, and no Canadians. Program sked shows indeed with BBCWS overnight. Seldom heard here. U2 5/4 kW. Night pattern has notch to the SSW but minor lobe to SW: https://radio-locator.com/cgi-bin/pat?call=WSUI&service=AM&h=N (Glenn Hauser, OK, WOR)

** U S A. 1050 kHz, Jan 15 at 0745 UT, I hear a trace of Coast to Coast, // 1040 WHO if not synchronized. The only C2C on 1050 in NRC AM Log is KSIS Sedalia MO, also likely by proximity despite night power of 86 watts, 1000 day U1 (Glenn Hauser, OK, WOR)

** U S A. 1060 kHz, Jan 15 at 0746 UT, ``contact us at ...`` 308 area code number. That`s much of Nebraska, south, west and central, inhabited by KNLV Ord, U1 1000/23 watts (Glenn Hauser, OK WOR)

** U S A. 1180, Jan 19 at 0511 UT, rock, ID as ``--- --- 1180`` – two words of one syllable each, presumably ``Yacht Rock``, the strange new name for KZOT Bellevue NE = Omaha, ex- sports format. R. Martí & multiple Rebelde jammers are not much of a factor here, rather IBOC noise peaking 1183 from KOTV 1170 Tulsa – but that not always on? or a problem (Glenn Hauser, OK, WOR)

** U S A. 1260, Jan 19 at 0513 UT, Spanish non-ID as ``12-60 AM``; 0552 romantic music; 0601 ``101.9 y 1260, somos ----?``, in QRM. The FM clinches it as KTAE Elgin TX, U1 1000/144 watts, address in Austin, named Magia (Glenn Hauser, OK, WOR)

** U S A. 1490, Jan 21 at 0701 UT, ``Top 20 in Fayetteville`` atop the GY pile, and then ESPN mentioned. Arkansas? There are two 1490s in AR, neither near Fayetteville. There *is* a 1490 in far Fayetteville NC, WAZZ with AC/CHR format, which would be a great catch; and the ESPN mention could have been some other station. Radio-locator shows WAZZ with Top-40 format = 2 x 20; no website to see if `Top 20` be a thing with them. NRC AM log also has a sort by city, showing one more Fayetteville, in TN, but only 1240 WEKR (Glenn Hauser, OK, WOR)

** U S A. 1530 kHz, Jan 19 at 0515 UT, Spanish, ``104.9 y 95.1``, so it`s KZNX Creedmoor TX, near Austin, never mind the inconsequential AM frequency, U2 10000/220 watts (Glenn Hauser, OK, WOR)

** U S A. 1560, Jan 21 at 0700 UT, caught partial ID as ``94.1 FM`` and into Town Hall News. The only fit in the NRC AM Log is: KTUI Sullivan MO U1 1000/25 watts // K231CO 94.1 ``Talk 1560 AM and 94.1 FM``. Sullivan is SW of St Louis, closer to Cuba MO (Glenn Hauser, OK, WOR)

** U S A. 1700 kHz, Jan 17 at 0439 UT, S9+20/10 of dead air, no doubt

KKLF Richardson TX again with problems. Other reports in IRCA
https://groups.io/g/IRCA/topic/117242533
suggest it`s no longer R. Jalapeño, but IDs as R. Fórmula, or plays
Christian music in Spanish (Glenn Hauser, OK, WOR)

** U S A. 91.5, Jan 20 at 2022 UT, ``Smile FM 91-5`` non-ID on
caradio. It`s this station, always fringeally audible here, still
with previous name in WTFDA FMDB:

KSNS 91.5 MEDICINE LODGE KS CONTEMPORARY CHRISTIAN KEEP SINGING NEW
SONGS" 83614 0.0 96.0 kWV 0.0 141.0 37-14-02 98-39-55 A4EC
KSNS

Searching on SMILE in slogan field gets 25 stations, mostly
low-powered or translators in Michigan:

CONTEMPORARY CHRISTIAN
SMILE FM
MICHIGAN'S POSITIVE HITS

except for one each in OH and AR - not this one in KS. A change I
first noted several months ago. KSNS on radio-locator.com leads to:
https://www.krejksns.org/

``KREJ 101.7 FM
Keeping Ready Expecting Jesus
KSNS 91.5 FM
Keep Singing New Songs

KREJ and KSNS are listener supported Christian radio stations
operating from Medicine Lodge, Kansas and serving south central Kansas
and northwest Oklahoma. KREJ carries teaching programs, drama, local
worship services, and a variety of Christian music. It operates on
101.7 FM at 50,000 watts. KSNS broadcasts contemporary Christian music
on 91.5 FM at 96,000 watts. Area volunteers are an important part of
both stations.

New Owner! The FCC approved the sale of KREJ and KSNS to Smile FM on
May 28, and the sale was completed soon after that.

Ed C., with Larry Martin’s help, has fixed the distortion and buzzing
that has plagued the KREJ signal for several months. Also, they have
switched KREJ and KSNS back to their original frequencies. KREJ
programming is now broadcast on 101.7 FM and KSNS programming is on
91.5 FM. Plus, KSNS is now using Smile FM programming. Visit Smile FM
to learn about our new owner and donate to support Christian radio in
south central Kansas!``

https://smile.fm/about/stations.asp
has a map blanketing the Lower Thumb, and:
``Also heard on:
88.5 Sandusky, OH
88.5 Monticello, AR
89.3 Dade City, FL
91.5 Medicine Lodge, KS
95.5 Clarksdale, MS
97.9 Cleveland, TN
103.3 Toledo, OH``
(Glenn Hauser, OK, WOR)

UNIDENTIFIED. 810.60, Jan 19 at 0609, JBA carrier hetting 810.00 WHB
(Glenn Hauser, OK, WOR)

UNIDENTIFIED. 980 kHz, Jan 20 at 0731 UT, ``Be Still My Soul`` hymn
solo in English, so not KMBZ with `C2CAM`, during auroral conditions.

Nothing to south but maybe WYFN Nashville, less unlikely than a few other RELs listed (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 1100 kHz, Jan 15 at 0747 UT, ad for KNM Truck Sales, under WTAM with C2C. Or K&M? Broad search does not find anything near WZFG Dilworth MN, previous cheater IDed (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 26575 & 26585, Jan 16 at 1551, JBA carriers and SSB 2-way, unseems English, maybe Spanish or Portuguese; extended CB in LAm? (Glenn Hauser, OK, WOR)
